Copy of the Nipani Electricity Co's remarks at item 11(f) of the application for permit to supply electric energy to the Prabhat Talkies.

The Company can easily lay service lines with little service materials as the pole is near the theatre. As soon as the Talkie will be connected to the Company's supply the present running of the Engine in the theatre will be stopped, saving the Diesel Oil by about 3 barrels per month without any appreciable rise in fuel oil consumption of the supply Company.

Sir,

I have the honour to inform you that, one of our consumer Mr. I.B.Mulla wishes to shift his installation of 10 B.H.P. Electric motor driving a flour mill to another place i.e. from Poona Benglore Road to Nehru Chouk, as he is getting very little business at the existing place. I have seen the new place where he desires to shift his installation and have to state that no extra wires or other materials need to be used. I, therefore, request you to grant necessary permission at your earliest.

I may pleased be informed whether it is necessary to obtain permission to grant the supply of Electrical energy at a new place, provided, this is in substitution of supply at another place and no extra wires or other Electrical equipment is required.

Sir,

Re: Sanction for reconnecting a service.

We beg to state that, the Manager of the Shikks Hinhu Boarding Nipani, has applied for reconnection of their Installation of Two B.H.P. Pump driven by 2. B.H.P. 400 V 3 Ph. 50 cycle Electric motor. The installation was disconnected on 17-2-1943, as the set was out of order. The set is now got repaired; the service is intact on the spot; & no extra materials necessary for reconnection. The water is pumped from a well, a furlong away from the building of the above Boarding for the use of the students and for the garden infront of the Boarding.

We ,therefore, request you to grant the necessary permission for reconnecting the above servic

Yours Faithfully,
